Is this what you want?

Kate Tribbett

I think you lost track on the updated request. Take a look at the attached email from 12/6. Can you move the information currently in the status and next steps boxes to this new notes field. I will then enter the new information in the status and next steps fields from the new drop box functions.

OK. Since that is the case, can you add another column to the attached master spreadsheet for Notes – no drop down for this column. It should come right after ORC Next Steps. I am going to have to reorganize. Thanks.

No, it is not possible to have both a drop down list and enter free text.

The CERCLA CD list is in the CERCLA Team files under CERCLA CDs [here](#). The last time we spoke, you told me that you told your staff to review the cases shaded in Orange to confirm that none of those are CDs that we want to track. Once that is confirmed, I will delete those from the spreadsheet and the project will be complete.

There are some issues. In addition to the drop down boxes on status and next steps, I would like to be able to add comments that are not in the drop box boxes. Is this possible? Please work from the attached – I have already started updating the November version you sent me.

Also, can you send me the spreadsheet on the open consent decrees or let me know the status? I will send you an invite for next week to discuss. Thanks.
